Vision and Scope of Work Planning

What will be the end result of the team's work in 2-5 years? How will the response be different or what will all victims/survivors be able to say as a result of our work?

What do I (and my agency) currently know about the sexual violence response? (Strengths and needed improvements) What do we need to learn?

What do I (and my agency) see as the top priorities, issues, and/or needs that the team must address to improve outcomes for victims/survivors?

How will we measure the results of our goals and priorities?

How does this scope of work and vision relate back to the team's mission and areas of impact?

In order to enhance the experience of Victims/Survivors and create better outcomes...
