Minnesota Track-Kit

The survivor portal is the web-based access point for information on your kit

On the survivor portal, you can:

- See your kit's progress as it moves from the medical facility to the law enforcement agency to the lab.
- Find survivor resources.
- Find contact information for the hospital, law enforcement agency, and prosecutor's office affiliated with your kit.
- Subscribe to updates on changes to your kit's status.
- Use the quick exit feature to leave the site quickly and clear your browser history.

Log in

- Go to the web address given to you at the time of your exam. https://mn.track-kit.us/
- Enter your username (the kit barcode) and your temporary password.
- The first time you log in you will be prompted to change your password.
- After that, you can change your password at any time by going to User Profile > Password Management
- Set up security questions to help you reset your password if you forget it.
- Go to User Profile > Security Questions and follow the on-screen instructions.
- If you forget your password you can reset it by answering security questions (if you set them up) or by clicking on Forgot Your Password? on the login page.

- Log out using the "**EXIT**" button.

PORTAL DETAILS AND SETTINGS

Understanding the options available in the survivor portal

View your kit's details

- Whether or not you gave consent to have your kit tested.
- Discard date for your kit if you did not give consent for testing.
- Current status and location of your kit.
- The history of your kit's progress through the system.

MY KIT'S DETAILS

AUTHORIZATION ?

Did you authorize this kit for testing? ② Yes Indicates whether or not consent was provided for the forensic testing of your kit.

KIT STATUS TIMELINE 😯

Your timeline's most recent updates are displayed at the top. Timeline Legend

A blue calendar with a "plus" icon indicates that this is the latest and current step that has been recorded for your kit.

A green calendar with a "check" icon indicates that the kit has moved on from this event.

Set up notifications

- To receive updates on your kit, go to User Profile > Update Notifications and choose the updates you wish to be sent by email or text.
- You can also designate an ideal time of day for update.
